

# ROOM B215 NEWS

March 18, 2020

Dear Families,

I sure miss seeing the kids' bright smiles! As we await direction from SRVUSD on how to proceed with school, enjoy engaging in activities that might be both fun and educational. Cooking can become a math lesson on measurement, fractions, and multiplication, for example. Students might enjoy writing a creative story, keeping a daily journal, or writing a report on a topic they are interested in. I will be providing you with an update as soon as I hear more. Feel free to enjoy any of the activities in our class and school website in the meantime.

Mostly, enjoy your family time and savor your family connections. I am doing the same.

Love,  
Mrs. Rooks
